

Before proceeding with the ALTCS application...

Determine if the applicant needs the assistance of an Elder Law attorney to proceed with the ALTCS application by answering the following questions:

YES NO

- Is the applicant single, having gross income over \$2,382 each month?
- Is the applicant single, having more than \$2,000 in assets?
- Is the applicant married, having more than \$28,076 in assets?

- Has the applicant or the applicant's spouse gifted or transferred any cash, bank accounts, real property, or personal property (i.e. something other than typical birthday and Christmas presents) to another person or entity within the last 60 months? (This would include placing another's name on any accounts and/or property.)
- If the applicant has enough income and assets to currently pay for his/her care needs, is the applicant, due to a chronic, long-term illness, going to be paying for long-term care services longer than a period of two months with private funds?
- Does the applicant need a guardian, conservator, or fiduciary to assist with the application?
- Has the applicant recently been diagnosed with a chronic illness and need to financially plan for future medical needs?

Filing an Application for the Arizona Long Term Care System (ALTCS)

What is ALTCS?

ALTCS is the State of Arizona's Medicaid program that provides long term care services, at little or no cost, to financially and medically eligible Arizona residents who are aged, blind, disabled, or have a developmental disability.

This information sheet provides general information about the ALTCS application process and includes basic program requirements about residency, age, disability, and citizenship status, as well as general guidelines for financial eligibility which includes resources and income. You must also meet medical eligibility requirements. This is a guide only. Additional information sheets about Community Spouse rules (that apply when you are legally married), trusts and transfers are available upon request. **For more specific questions, contact ALTCS toll-free at 888-621-6880.**

How do I apply for ALTCS?

- To apply, you need to complete an application.
- To start an application, call ALTCS toll-free at 888-621-6880.
- Another person can act on your behalf during the application process.
- You will need to provide documents to show that you meet financial and non-financial eligibility requirements.
- You must be determined as needing a nursing home level of care.

What are the Non-Financial Eligibility Requirements?

To be eligible for ALTCS, you must:

- Be determined in need of a nursing home level of care as determined by AHCCCS;
- Be a citizen or qualified immigrant;
- Have a Social Security Number (SSN) or apply for one;
- Be an Arizona resident;
- Apply for all cash benefits that you may be entitled to, such as Pensions or VA benefits;
- Live in an approved living arrangement, such as your own home, or an AHCCCS certified nursing facility or assisted living facility.

How are Resources Treated?

For single applicants, countable resources cannot be more than \$2,000. If you are legally married, you may be able to set aside some of your resources for the needs of your spouse, so long as your spouse is not living in a medical facility. If you are married, please ask for a Community Spouse Information Sheet.

Countable Resources	Resources That We Do Not Count
<ul style="list-style-type: none">• Checking, savings, and credit union accounts• Real property that you do not live in• Cash value of some life insurance policies• Cash, stocks, bonds, certificates of deposits• Non-exempt vehicles	<ul style="list-style-type: none">• Your home that you live in, unless it is held in a trust• One vehicle• Burial plots and irrevocable burial plans• \$1500 designated for burial• Household and personal belongings

If your resources are over \$2,000, and you are under the age of 65, you may still be able to qualify by setting up a special type of trust. Please ask for the Special Treatment Trust Information Sheet.

How is my Income Treated?

Income that we count includes, but is not limited to, wages, Social Security, Supplemental Security Income and disability or retirement pensions.

The ALTCS gross monthly income limit is \$2,382 (effective 1/1/21) for an individual. If you are married, ask for a Community Spouse Information Sheet.

If your income is over the limit, you may still be able to qualify by setting up a special type of trust. If you are over income, ask for a Special Treatment Trust Information Sheet.

Will I Have to Pay Any of My Income Toward the Cost of My Care?

Once you have been determined eligible for ALTCS, a calculation will be made to determine if, or how much, you will need to pay towards the cost of your nursing home or home and community based services. This amount is called the Share of Cost. Your monthly gross income will be totaled and then the following deductions may be allowed:

- A personal needs allowance;
- A Community Spouse allowance for the needs of your spouse still living in the home;
- A family allowance for any dependents living in your home;
- A home maintenance allowance if you are in a nursing home but will go home within 6 months;
- Your medical insurance premiums; and
- Medical expenses that ALTCS does not pay for like hearing aids, eye glasses and dental care.

How does ALTCS Determine if I am Medically Eligible?

Once you have been determined financially eligible, a registered nurse or social worker will determine if you are medically eligible in a face-to-face interview. To meet medical requirements, you must be at immediate risk of institutionalization in a nursing facility or intermediate care facility for individuals with intellectual disabilities (you must require that level of care but you do not necessarily need to reside in a facility).

What are the Different Types of ALTCS Services?

Once you have been determined eligible for ALTCS services, you will be enrolled with a Program Contractor and assigned to a case manager. The case manager will meet with you and your family to develop a service plan. Covered services may include the following:

- Institutional Care in a Nursing Facility;
- Home and Community Based Services, combining out-patient and in-home care;
- Medical Services, such as Doctor's office visits and prescriptions (prescription coverage is limited for people with Medicare);
- Behavioral health services;
- Preventive and well care for children; and
- Hospice services.

ALTCS Medical Eligibility

Pre-Admission Screening (PAS)

General Information

The purpose of the Pre-Admission Screening (PAS) is to identify whether or not applications meet criteria for Title XIX or Medicaid funding long term care services (ALTCS). To receive federal Medicaid funds for an individual, AHCCCS must demonstrate that the applicant has a medical need for these services and is at risk of institutionalization. This means that the applicant is in need of long term care at a level of care comparable to that provided in a nursing facility, but which is below that of an acute care setting (hospitalization or intense rehabilitation) and above that of a supervisory/ personal care setting (intermittent outpatient medical intervention or benevolent oversight.)

An individual who meets ALTCS criteria for Title XIX eligibility will present with a combination of the following needs and impairments:

- Requires nursing care by or under supervision of a nurse on a daily basis
- Requires regular medical monitoring
- Exhibits impaired cognitive functioning
- Exhibits impaired self care with activities of daily living
- Exhibits impaired continence
- Displays psychosocial deficits

The PAS tool is the instrument used to determine whether or not an individual is medically eligible for ALTCS. It is completed by an assessor who may be a social worker or a registered nurse. In certain instances a nurse/social worker team may assess the individual. The assessment is a face-to-face interview with the applicant and other informants.

The PAS consists of several sections:

1. Intake information
2. Demographic information
3. Functional information and assessment
4. Medical information and assessment

In order to be eligible for ALTCS services, an individual must be determined to be at risk of institutionalization. PAS screening is designed to determine whether or not the applicant is at risk by examining the individual's recent functional and medical condition. This may be achieved by asking questions of the applicant and significant others, reviewing available records and observing the applicant's behavior during the PAS interview.

All the functional and medical assessment criteria are taken into account in the development of a numerical score which is determined to meet or not to meet the baseline criteria. A level of care is determined based on the score and individual PAS items. If either the score or the level of care is determined to be questionable or inappropriate by the PAS team, an evaluation can be made by the ALTCS physician consultant. This physician review may override the numerical score if appropriate.

ALTCS Medical Eligibility

Pre-Admission Screening (PAS) - continued

Functional Assessment

The functional portion of the screening focuses on the following areas:

1. Activities of Daily Living (ADLs)

- Mobility - purposeful movement within the applicant's residence
- Transfer - the ability to move between two surfaces, i.e. bed, wheelchair, chair
- Bathing - washing, rinsing, drying body parts, transfer in/out of tub
- Grooming - tending to appearance of hair, teeth, face, hands, nails
- Dressing - Putting on and removing articles of clothing
- Eating - putting food and fluids into system
- Toileting - managing elimination of urine and feces

2. Continence

3. Vision

4. Orientation to person, place and time

5. Behavior patterns such as wandering, physical aggression, self-injurious, resistive or disruptive

Medical Assessment

The medical portion of the screening focuses on the following areas:

- Medical condition - determines an applicant's medical conditions whether acute, chronic or history; if these conditions impact ADLs; and if medical or nursing treatments are required
- Services and treatment - identifies all services and treatments an applicant receives or needs
